

Drying and Bagging Price List

The following prices are subject to Fresh Macadamia Company Pty Ltd accepting loads of macadamia nut in shell for drying and bagging. Unless capacity is pre-booked and pre-paid, this capacity is offered on a subject-to availability basis.

Each delivered load is a batch and is subject to a minimum price of AUD\$2,000 per batch. Fresh Macadamia Company Pty Ltd accepts no liability for damage or inherent vice of the product stored on the premises and advises that customers assume the physical and legal risks associated with their product. We recommend customers' make sure that goods stored by Fresh Macadamia Company Pty Ltd are covered by the customer's insurance.

Please contact Fresh Macadamia Company Pty Ltd on +61 7 5472 2888 or email freshmacs@outlook.com to book capacity and loads.

Please note that we cannot process a batch until the customers instructions are sent to us on the [request form](#).

We look forward to working with you for the 2019 season. We recommend you read the basic service then advise us which extras you require.

Charges and Options

Service	Price (Excl. GST) cents/kg	Comments

Standard Inclusions for Drying, Sorting and Bagging

Drawing samples	Draw and keep 4 input and 4 output samples. Customers can collect the samples within 6 months of the batch being completed. In addition F.M.C will send samples to the lab of your choice
Drying to < 1.8% kernel moisture and /or under < 5% in-shell moisture.	Required moisture needs to be agreed prior to sending product. We suggest 1.6%– 1.8% kernel moisture If the customer requires less than 1.6% there is an extra charge.
Container loading	40ft containers only
Short term storage	Up to 30 days post drying is free
Liaison with shipping lines and AQIS	F.M.C will assist with organising phytosanitary inspections (subject to AQIS). F.M.C will also liaise with shipping and transport
Aspiration of Nut-in-Shell	There is no charge for this however it must be requested by the customer

Warehousing and Collection

Warehousing is free for the first 30 days, after which we offer warehousing subject to availability of space. We reserve the right to store product off site at the customers' cost and risk if we are unable to store the product and the customer will not collect their product within two weeks of being asked to do so.

After the free storage period warehousing is charged at AUD\$0.04 cents per kg per 30 days.
